

# ***Big Mama (look, what you've done)***

***Big fat mama, what have you done?  
when you go (since you 're gone), I feel so alone  
come on and take a walk with me  
I know a little place to be  
big fat mama, you 're the only one***

***she ain 't thin like a wire  
she ain 't not long an ' tall  
that 's the reason I want her  
she 's round like a cannon ball***
